

Important Announcement

To:
All Members appearing in
AMIIM Examinations

Dear Members,

This is to inform that to promote and facilitate education and development of working professionals, since 1962, the Indian Institute of Metals has been conducting qualifying professional AMIIM examinations in Metallurgy to assist persons engaged in industry, teaching or research, to qualify as equivalent to metallurgical engineers. The Dept. of Education, Govt. of India had approved the syllabus, vide no. F 18-91/61-T.2 dated 02/04/1964 and UPSC had recognised the qualification as equivalent to graduation in Metallurgy, vide No. F.1/15/68-RR dated 31/10/1968 for the purpose of recruitment to superior posts for which a Degree in Metallurgy is prescribed qualification.

In response to the letter no. 13-56/PC/ODL/Mode/AICTE/2016/144 dated 18th April 2017 issued by AICTE for reviewing existing programmes of Technical Education run by different Professional Bodies / Institutions, our Indian Institute of Metals sent all the details relating to AMIIM course as per the prescribed format. Afterwards, The President of IIM and Secretary General presented the activities of IIM especially AMIIM before the AICTE Board upon being called to do so.

There has been no objection or demur, whatsoever from AICTE to such response / presentation of IIM. The Institute is yet to receive the reply from AICTE. In these circumstances, The Institute is eligible to conduct the AMIIM Exams as usual. Therefore, you are advised not to be panicked and make earnest preparation for appearing in the forthcoming December 2017 exams.

Sadhan Kumar Roy
